Sgt. G. H. Low

D.F.M. Awarded
Edmonton Flier
For Skill, Valor

OTTAWA, Oct. 16.—(CP)—The R.C.A.F. announced last night the award of nine Distinguished Flying Crosses and seven Distinguished Flying Medals to war members overseas and said they indicated the extent of R.C.A.F. participation in the heavy aerial bombing of Germany's great industrial centers in recent weeks. The awards included:

D.F.C.
J. Grubison of Fort William, W. H. Schmidt of Ashford, Sask., and W. R. J. Bloom of Vancouver.

P.O. Reginald McNamee of Carleton Place, Ont., and Sgt. T. H. Skeels of Winnipeg; G. H. Low of Edmonton; D. F. Tribe of Courtenay, B.C.; E. F. Schmidt of Hazelton, Sask.; R. J. McDonald of Banagaw, Man. The citation for Sgt. Low:

"This airman has completed numerous bombing and mining sorties against the enemy. In February, 1943, the aircraft in which he was flying was forced to alight on the sea owing to damage caused by enemy action.

In this hazardous situation his cool and collected judgment played a major part in the subsequent rescue of the entire crew. Throughout his operational career Sgt. Low's technical ability, determination and fine fighting spirit have been most pronounced."

New Offensive
Greek Patriots
Repulse Strong
German Force

LONDON, Oct. 16.—(AP)—Greek guerrillas were reported yesterday to have repulsed a force of 4,000 Germans in central Greece and advanced toward the railroad town of Karafila, 100 miles north of Athens, in a new offensive adding to the Germans' already grave Balkan problem.

The Germans were said to be pouring reinforcements into Belgrade in Yugoslavia to meet the possibility of an attack from irregulars. The Chinese dispatch said the Quilang police chief of Belgrade had been assassinated by patriots under the very noses of the Germans.

MOSCOW, Oct. 16.—(AP)—The battles for Melitopol and Gomel reached a blazing climax today and front dispatches indicated that even mounting German counterattacks could not long delay their fall.

(Radio Moscow said the Germans were thrown out of Zaporozh, 70 miles north of Melitopol, so quickly they had no time to blow up a railroad bridge across the Dnieper river. A German broadcast yesterday acknowledging the evacuation of Zaporozh said the retreating forces blew up a dam across the Dnieper, but made no mention of the railway bridge.)

(A German broadcast acknowledging that Nazi lines now were far west of Gomel implied that the Germans have abandoned the White Russian stronghold. Another German broadcast said the Russians were throwing powerful forces into new thrust on the White Russian front.)

TIGHTEN KIEV GRIP
Other Red army units tightened their grip on the capital of Ukraine, after smashing a counter-attack by upwards of 6,000 German troops and 100 tanks, which knocked out 67 tanks, and the infantry, repulsed of its cover, fled in disorder. The pursuing Russians killed nearly 3,000.

Vancouver
Board of Trade
Urges Change
Money System

VANCOUVER, Oct. 16.—Radical changes in Canada's monetary system, including complete currency, on a production rather than a gold standard, are recommended in a report by the Post-World War Policy Committee of the Vancouver Board of Trade.

The report sharply criticizes the existing policy of "parity" system, claiming that "the party" becomes a "vested interest," which controls the money system, over which the people have no real control.

ANALYZES SOCIETY
It recommends sweeping social security measures including full pay and allowances to returned members of armed forces and merchant mariners, for at least one year, plus a second year depending on the individual's employment status.

The report also recommends that the money system be brought under the control of the people, and that the distribution of money be controlled by the people.

"We are led to the inescapable conclusion that the cause of the economic stress which existed was attributable to the policy of the monetary system, and specifically to the distribution of insufficient purchasing power," the report states.

It stresses the value and importance of free enterprise and claims that the money system, if properly handled, gives the public "economic freedom" over the whole production system.

It claims, however, that under the present financial arrangements, increasing production is being achieved by greater industrial output, but that the volume of money in the market is not keeping pace with the increase in production.

After summarizing its analysis of the economic situation, the report says "as a basis for the national economy such an arrangement based on 'parity' is untenable."

Fighting Rages

E. Leary, commander of the U.S. heavy bombardment division, said yesterday.

Enemy Retreating
North Before Swift
Advance of Allies

LONDON, Oct. 16.—(CP)—Radio France at Algiers said today that the Germans were in full retreat north of the Volturno river on the road to Rome.

Exclusive to The Edmonton Bulletin
Copyright, 1943, by British United Press
ALLIED HEADQUARTERS, Algiers, Oct. 16.—The Fifth and Eighth Armies, intensifying their co-ordinated offensives, have captured at least six more towns in advances of up to three miles and the Germans in the west coast sector are trying to break off the fight in their retreat toward Rome, it was announced today.

Montgomery's British and Canadian troops scored a major tactical triumph with the capture of Campobasso and Viachiaturo, virtually completing the occupation of the lateral Naples-Teramo highway.

The Germans had been using the two towns as major supply bases for both wings of their embattled force in southern Italy. They now must fall back at least 20 miles to reach the next lateral road.

(As the left wing of the 8th Army, the Canadian 1st Division has been operating in the Campobasso area and it is possible the town fell to Maj.-Gen. Guy Simonds' Canadians.)

The Allied Fifth Army, which advanced 20 miles to seize Campobasso north of the Volturno river, also captured Campobasso, one mile north of the junction of the Volturno and the Volturno river, and Campobasso, one mile north of the junction of the Volturno and the Volturno river.

Slugging through dreaching rain, the Fifth Army estimated its advance to the Tyrrhenian Sea at a point about three miles north of the junction of the Volturno and the Volturno river.

BLOWS ARE TELLING
Official reports indicated the shattering blows of the Allies, supported by a steadily increasing weight of armor and guns rushed across position bridges over the Volturno, were beginning to tell on the battered Germans.

Retreating across the coastal road toward the Tyrrhenian Sea, only 80 miles south of Rome, the Germans showed signs of attempting to break off the fighting. However, the Fifth Army was holding its ground and it is believed it is likely to continue its advance.

A spokesman described conditions as most favorable to the Fifth Army.

The disclosure that the Germans were attempting to disengage themselves followed the issuance of a communique which reported that fierce fighting was continuing "as usual."

Ottawa Plans To Maintain Floor Prices

LONDON, Ont. Oct. 15.—(CP)—Agriculture Minister Gardiner announced last night the government was assuming responsibility for maintaining a floor on prices for agricultural products until the country was re-established after the war and said the government also was trying to make agreements for the sale of agricultural products which would help the farmer.

In an address prepared for delivery to a London service club's annual agricultural meeting, Mr. Gardiner said of the post-war plan for maintaining the floor on prices: "In placing ceilings upon products, with limited subsidies now the government is assuming responsibility to maintain floors until the country is re-established after the war."

"The government owes this to the

farmers who have maintained production during the war and also owes it to the men and women who will return from the services to the farms.

Referring to the sale of agricultural products, Mr. Gardiner said the government was attempting to make two-year agreements, instead of one-year agreements, so farmers will be protected against a sudden slump.

He reviewed the betterment of farm prices for various products, and said any changes to be made in the future would still further improve the price position.

The government hoped and expected that farmers would "hold the line" they had established in production. They were to get bettered to improve that production, although it would be for the benefit of everyone including the farmer, if that could be done.

"Only Half-Wits Would Enter Mines" British Laborite Tells Commons

LONDON, Oct. 15.—(AP)—Seymour Cocks, Labor member for Bristow, became unusually bitter during the coal debate in the House of Commons, declaring no led is going into the pits today unless he is "ultra-patriotic or half-witted."

Instead, he said, "they would go into the services in which Gen. Sir Bernard Montgomery, commander of Britain's 8th Army, looked after his men better than the coal owners, who pit offered the lads only a life of hell."

Cocks suggested if the government wanted youths to volunteer to enter the mines it should insert an advertisement saying: "If you volunteer you may get killed. You will be lucky if you escape serious injury. Conditions are detestable."

"No smart uniform" You will not have a smart uniform. Your clothes and body will be begrimed with coal dust. For six days a week you will not see the sun. On Sunday you will be too tired to do anything but sleep. You will have to work with furious physical energy.

"You may have to work with your body stripped to a pair of drawers, streaming with sweat in a horrible atmosphere, cursed by a deputy until your brain is dizzy and your limbs too tired to carry you home."

Norman Wells Oil to Supply Alaska Front

NEW YORK, Oct. 15.—(AP)—Large quantities of crude oil for the Alaskan front have been made available by the development of new wells near Fort Norman, Northwest Territories. R. W. Gallagher, president of Standard Oil Company (N.J.) said yesterday.

The wells, located only 100 miles from the Arctic circle, were drilled by Imperial Oil, Ltd., a Canadian affiliate, at the request of the United States Army. The Norman field, Gallagher said, is the only proved source of crude oil in quantities near Alaska.

PRICE \$12.5 BARREL Oils from the Norman properties will be sold at \$12.5 a barrel. This, said Gallagher's statement, compares with a price of crude in the United States ranging from \$1 to more than \$2 a barrel. He added that oil transported from the United States to Norman would cost approximately \$6 a barrel.

Expansion of production at Norman is a part of the big new Canadian project being carried on in support of the Alaskan war effort. It includes construction of roads, air bases, a pipeline to Whitehorse, near the Alaskan boundary, and a refinery at Whitehorse.

Gallagher said Imperial Oil has no part in any of these activities, but its assignment being the development of oil production. The refinery will be operated by Standard Oil Company of California, which has no corporate ties with Standard Oil of New Jersey or Imperial.

Gallagher's statement added:

U.S. BEARING COST "The United States government is underwriting direct expense incurred by Imperial in developing the project, but this money is to be repaid to the U.S. government through a reduction of 50 cents a barrel of the price of crude it buys."

The statement also began by saying the government has purchased 1,500,000 barrels of oil at the regular price of \$12.5 a barrel and will continue until the government has been reimbursed for all outlays to Imperial.

The statement said that drilling operations had been going on since the discovery of the Norman field, discovered by Imperial geologists in 1932. Production is continually being increased, and is comparable in size to the United States field, although not exceptional.

North Explosion Case Is Appealed

VANCOUVER, Oct. 15.—(CP)—An appeal has been filed here by Gordon S. Warner in behalf of Miller Construction Co., Inc., Indianapolis, from a conviction on a criminal explosive charge in the handling of explosives at Dawson Creek Feb. 13.

The company was fined \$10,000 by Judge Eric Woodburn at Pouce Coupe Oct. 4 and the appeal is expected to be heard at the November sitting of the appellate court in Vancouver.

Among the grounds of appeal is a contention that Judge Woodburn erred in holding Olan-Smith Co. was a sub-contractor and that the Miller Co. was responsible for the alleged negligence.

The Indianapolis concern held responsible for the explosion which caused several deaths and injured scores of persons. Olan-Smith was an independent contractor solely responsible for the work undertaken for the United States government and that there was no obligation on Miller Company to supervise its operations.

CORVETTE GOES 100,000 MILES WITHOUT LOSS

OTTAWA, Oct. 15.—(CP)—Most of the news from the north Atlantic is bad news but there's the good side, too, and last night the story announced that the Canadian corvette Matapedia has completed more than 100,000 miles of mid-ocean escort duty in 2½ years without having a ship torpedoed or lost.

Twice the stocky little craft almost sank herself in fierce winter storms that led ships until they were dangerously torpedoed or lost.

Only once was Matapedia's record seriously threatened. A freighter was had been in her convoy went down after an attack by a U-boat, but it was a straggler that had fallen 18 miles astern of the convoy at night and in dense fog. The loss was not recorded against the corvette.

Parachute Opens After Flier Drops Almost to Ground

LONDON, Oct. 15.—(CP)—Flying Officer C. P. (Chuck) McDonald of Toronto, veteran of 21 operational flights over Germany and Italy, told yesterday of dropping 400 feet with a parachute that refused to open. He suffered a fractured leg while after the plane belatedly opened only 600 feet from the ground. He turned up in London yesterday with a cast on his right leg that bore the autographs of his R.A.F. Lancaster squadron mates who are beginning to view the stocky pilot as a man who bears a charmed life.

Dear

Warning that summer has run its course, and winter is just around the corner, was given by Old Man Weather Wednesday morning when snow fell in the city and surrounding district. While it did not last long, there was just enough of the white stuff to cause householders in commotion to get the city as storm wind-driven was dug out of basements and garages. Other activity was noted in Victory gardens, as those who had not already reaped the year's vegetable crop, hurried to get the harvest in before Jack Frost clamped his icy fingers on the ground.

Do We Want Safe Streets?

In an Edmonton court the other day a man was fined \$300 for negligent driving. In that case the negligence caused injuries to another person from which death resulted. But for one instance in which an accident is the outcome, how many infractions of the regulations are there which do not result in someone being killed or injured? And drivers are not the only violators of the code. There is also negligent walking across streets.

Complaint was made in the city council this week that the police are not strict enough in enforcing the traffic laws. Be that as it may, the police cannot be everywhere all the time, and it is up to the person behind the wheel and the one on foot to stop the breaking of the law. If the other can really do it. They can if they care enough about the law, the safety of other people, or common civility.

Accidents on the streets will become rare, and fatalities extremely so, when drivers and walkers make up their minds to exercise reasonable caution. Until they do that, these accidents will continue. And no person knows who will be the next victim.

That is something the joy-driver and joy-walker should think up. They should value their own lives and those of their relatives and friends.

The Place to Put Money

Edmonton's quota of the Fifth Victory Loan is \$34,320.00. The quota for Northern Alberta is \$14,320.00.

These are large sums, of course. Nor is it to be forgotten that these are only fractionally smaller were subscribed six months ago. But there is a lot of money circulating in Edmonton and Northern Alberta just now, more in the aggregate than ever flowed through the channels of employment and trade before.

And the inducements to spend are fewer. Luxuries of all kinds are on sale in only limited quantities while some are not obtainable at all. Those who want to never had a better time of it. They will have. Even those who have little or no desire to save are restricted as to how or how much they can get rid of it.

A good deal of it is rightly said, about the duty of every person who can buy bonds to do so. But the other side of the picture also needs attention—the chance that is provided to make a profitable investment in unquestionably sound securities.

Buying Victory bonds is not a sacrifice. It is a "cinch." The money is given away. It is put where it will be safe and will draw interest. If it is needed before the bonds face due it can be recovered by selling the bonds, and these never fluctuate much in market price; there is always someone around with money enough to sense enough to buy them. The bonds are offered at a shade less than face value, and sometimes the market price is a bit higher than the face value.

What is more, the Fifth Victory Loan people are offered a \$3,250.00 opportunity, and people in Northern Alberta a \$14,320.00 opportunity, to put away some money for the future. They can have it and have it earning interest meanwhile, days, nights, Sundays and holidays.

Those Missing Divisions

Either the weather has improved or the Russians must have found out how to wade through mud as well as they waded through snow. The end of the Russian offensive, informally announced at Moscow a fortnight ago, seems to have synchronized with the commencement of their winter drive. For driving they have been without interruption and still are, from Novelti due west of Moscow for the "Great Patriotic War," in a series of co-ordinated fronts.

The last of the enemy have been cleared out of the Caucasus bridgehead and on the north shore of the Sea of Azov the Red forces are within 100 miles of the Perekop gap, closing of which would seal the fate of the Nazis in the Crimea. Melitopol has been captured, and the capture of Zaporozhye almost certainly involves the early capture of Dnepropetrovsk. Higher up the Dnieper, Kiev is under attack, and the city has fallen, and the enemy river defence system has been punctured at three or four points.

The "blood line" which the Fuehrer proclaimed along the Dnieper is already crumbling and in prospect of collapse. Any doubt that this was intended to be the winter stand of the Nazis was removed by his emphatic proclamation. But it has been quickly broken, and has been broken where successfully held against a major attack.

In measure the western Allies are entitled to share the credit for this discomfiture of the Hitler army. From 20 to 25 Nazi divisions have been switched to Italy to fill the gap left by the collapse of the Fascist power, and an equal number to the East to support the Red and block invasion in that quarter. The story might be different if the Fuehrer could have thrown these divisions into the fighting along the Dnieper. But he surely would have done but for the diversion on his southern front.

The Military Gain

Time alone can show the military importance of Italy's shift from neutrality to the side of the Allies. The proclamation is of course binding upon all Italian subjects, combatants and civilians. The call to arms has been given by the supreme authority of the country. To what extent it will be obeyed, or can be obeyed, remains to be seen.

Central and northern Italy are still in Nazi control. Italian soldiers there are placed in a position of extreme difficulty. They are everywhere surrounded by enemies, enemies who are more powerful, and vengeful. Their choice is to fight against Italy, fight a hopeless battle against the Nazis, or lay down their arms. For whatever it is worth, they may if they surrender, claim the immunities and rights of prisoners of war, now that Italy and Germany are officially at war.

Civilians in the Nazi-held area are of course in the helpless position of civilians in France, the Netherlands and Norway. Not much therefore in the way of help seems likely to come immediately to the 5th and 8th Armies from Italian sources.

The New Revolt Against a Commercialized World

In that view, the public is almost entirely unprepared for the private monopoly of money's power is as great as any revolution in the history of the world.

One can be demanding understanding or freedom from healthy conflict. These are the standards of a system in which those hours and that labour are valued in an appreciation of the loveliness of the world.

District News in Brief

River Is Blocked By Beavers' Dams

LACOMBE.—A colony of beavers has been working on the Blindman River banks, near Blackfalds, during the last few weeks. The beavers have cut down 25 trees and their branches have been woven into a dam which blocks a large section of the river. The main channel is still open, however.

It is reported officials of the department of public works may be forced to break up the dam if the beavers continue.

WILL OUR SUCCESSES IN EUROPE MEAN A HOME FRONT DEFEAT?

Our successes in Europe is glorious news . . . if we take it as the end of Round One, instead of the finish of the fight. It *could* mean a home front defeat . . . if Edmontonians start pulling their punches.

It *could* mean good news to our two major enemies . . . if anybody takes it as a signal to slow up, let down, or quit backing the war with everything we've got.

As a matter of fact, the long, hard march to Berlin and Tokyo has just begun. If you think it will be easy, if you think we can win this fight with one hand . . . then you are wrong. Dangerously wrong.

Before the last shot is fired a lot of lives are going to be lost and a lot of billions spent. The more Canadian dollars that go into superior equipment, the less Canadian blood is going to reddens foreign soil.

It cost 46 million dollars to lay Hamburg low. It cost many millions to train, equip and transport the crew and ready everything for the task. And Hamburg is just one enemy city.

VICTORY BONDS must provide much of the money for the bitter struggle yet ahead. You . . . not the fellow next door . . . have a personal responsibility to dig deeper than is pleasant and convenient to make the Fifth Victory Loan a success.

It *will* be a success only if every Edmontonian opens his heart and his pocket and decides to SPEED THE VICTORY.

Victory Loan Will Feature "Gratis" Bonds

Every Edmonton and North Alberta woman who purchases a bond in Canada's Fifth Victory Loan has a chance to win a second bond for herself and for an Allied Nation serviceman or service woman.

Because of the generosity of Edmonton business men there will be a large number of "free" bonds donated to women purchasers and armed service partners they may designate at the time of purchase.

Draw for the bond winners will be made on Nov. 8, last day of the Victory Loan campaign.

Monday, the opening day of the loan drive, has been designated "Ladies' Day" and a spirited effort will be made to sell a bond to every woman in the North Alberta area.

All women who buy bonds during the campaign, either for cash or on the payroll deduction plan, will be eligible for the "free" bonds draw. Officials at Victory Loan headquarters here point out it was "Ladies' Day" during the Third Loan drive just about one year ago, that put that campaign away to a record-breaking start and placed Edmonton at the top of the parade among Canadian cities.

During Monday, bonds will be sold at several downtown points. There will be a sales staff at the Victory Loan booth, erected by the U.S. Army at 101 street and Jasper avenue, that is operated by the Edmonton Women's Service Bureau.

Another sales centre will be in the city loan headquarters, King Edward Hotel building, 101 street; the Victory Loan headquarters, Monarch building, Jasper avenue, and the former loan headquarters in the W. L. Wilkin insurance offices, in the north side of Jasper avenue.

LARGEST PARADE

Plans for what will be the largest parade in Edmonton history are just about complete. There will be several novel features this year, one being a float of the 1,000th airplane assembled by Aircraft Repair Ltd. The float will be flanked by 500 men and women employees of the plant, dressed in white coveralls and carrying flags. Construction of this novel float is under the personal supervision of President W. R. Brinnell and plant superintendent Jack Bowen of Aircraft Repair Ltd.

The "Jeep" parade of the United Nations will be another feature. Forty-one jeeps, most of which are being loaned by the United States Army, will represent each United Nation. On each jeep will be a large flag of the nation it represents.

In addition to these many other surprise features there will be more bands in the parade, both pipe and brass than in any previous parade. In addition to Edmonton military and civil bands there will be three from out-of-town.

Featuring the out-of-town band representation will be the C.W.A.C. pipe band, the first women's service band to ever parade in the city. In addition the Red Deer and Wetaskiwin town bands will be in the parade.

The entire route of the parade will be lighted by colored flares.

Tuxis Preparing

For Busy Season

"Registrations would indicate that Edmonton will enjoy the best year in Tuxis work that city has had in the last 10 years," was the statement made by William H. Pettigrew, chairman of the Edmonton and District Boys' Work Board in an interview about this year's activities.

Enthusiasm about the visit of Wilbur Howard, general secretary of the national boys' conference is running high as plans for his imminent two day visit are being made. On Friday night, Oct. 16, a banquet will be held at the Y.M.C.A. with a convocation of all Tuxis youths to be held later in the evening. Saturday night another dinner engagement is being arranged where members of the ministerial association and other interested parties will gather to hear Mr. Howard speak.

The publicity director would appreciate the members nominating their publicity representative so that the Tuxis news column can be started at an early date. Contact Harold Sprague at telephone number 82223 on or before Monday of each week so that these items can be compiled in time each week.

New Pupils at

Eastwood High

By SUSANA ALEXEEF

Tuesday morning marked the return of approximately 300 students to Eastwood High School. Many newcomers were seen to lose their way in finding the correct room to attend classes, but at the end of the week they were well on the way to settle down and become accustomed to the high school system.

To the senior students, it was a case of getting the time-table arranged, and follow the usual routine for the next 10 months.

The total number of students who went out to help with the harvest this fall was 35 from Eastwood, and a few are still helping the farmers, but are expected to return to school next week.

Most of the students were employed during the summer months, and as a result many \$5 and \$10 bills were a frequent sight during the first few days.

D.O.C. Issues Appeal Support Victory Loan

On the eve of the opening of the Fifth Victory Loan Campaign, Brig. P. M. W. Harvey, V.C., M.C., District Officer Commanding, Military District 12, issued the following statement to all active units and formations in this military district, in which he asked for 100 per cent participation.

His statement follows: "The organization has now been set up to look after the Fifth Victory Loan Campaign in this district, and each of the seventeen groups has had ample time to make its plans.

"I know that we can count on the active co-operation of all officers commanding to assist these group chairmen in every way.

"In order to set an example, it is expected that all officers will participate 100 per cent. Let there be no mistake about it, leadership is required here as in every other phase of military life.

"We are not trying to sell men a gold brick—we are trying to get them to save their money and, at the same time, help the war effort. Many men have not been accustomed to saving. They must be shown the necessity for it and to this end it will be insufficient for officers commanding to say 'Let those men buy bonds who want to.' These men and organizers must be given every opportunity to explain to all ranks the benefits obtainable.

QUOTA UP

"Our quota has been increased 50 per cent over last time and should now present great difficulties to M.D. 12, which went 170 per cent of its quota in the Fourth Campaign.

"Let every unit set 100 per cent participation as its goal and then if we all get behind it we shall have accomplished something worthwhile.

Members of the Canadian Army in Military District No. 12 will be called upon to invest a minimum of \$403,386 in the campaign.

Quotas have been set for each of the seventeen groups into which the district has been divided for the purposes of the campaign.

LARGEST QUOTA

The largest quota of \$72,500 has been set for Group No. 9, which is the A-20 C.A.S.C. training cadre at Red Deer. Next comes Group 8, A. 10 C.I.T.C. Currie Barracks, with a quota of \$10,000, followed by Headquarters of M.D. 12, which is Group No. 1, with a quota of \$40,100. This comes Group No. 12, No. 133 Internment Camp, from which the amount expected is \$23,280.

Quotas for the other groups are as follows:

Group No. 2 (No. 13 District Depot) \$25,500; Group No. 3 (Edmonton Area) \$10,800; Group No. 4 (No. 131 C.A.B.T.C., Camrose) \$15,400; Group No. 5 (No. 132 C.A.B.T.C., Grande Prairie) \$6,500; Group No. 6 (No. 133 C.A.B.T.C., Wetaskiwin) \$17,700; Group No. 7 (No. 2 C.W.A.C.-B.T.C., Vermilion) \$10,800; Group No. 10 (No. 130 Internment Camp) \$1,100; Group No. 11 (No. 132 Internment Camp) \$25,400; Group No. 13 (No. 3 Base Ordnance Depot, Edmonton) \$6,000; Group No. 14 (Wainwright Camp) \$8,100; Group No. 15 (Experimental Station) \$17,400; Group No. 16 (Wainwright School) \$2,350; Group No. 17 (No. 13 Ordnance Depot Coy., R.C. O.C.) \$11,180.

Special Service At Hope Mission

On Sunday, Oct. 10, anniversary services were held at Hope Mission, 10519 101 street. I. E. Gladie, the chairman of the board of directors presided.

The Rev. R. S. Tenove read the scripture lesson and led the congregation in prayer.

Vocal selections were given by the Misses D. Cameron, J. Peterkin, Mrs. K. Austin and Pte. J. Hooper. The Rev. Bruce Stanton gave an appropriate address on Christian service and reward.

The guest speaker at the evening service was Capt. R. Cox, chaplain of the U.S.A.F.

At the afternoon meeting the Rev. H. Edmondson submitted the annual report covering activities of the mission for one year. A few items are here given: Families assisted, monthly average 112; Garments given out 19,360; pairs of shoes given out, 2,400; pieces of bedding given out, 201; and quantities of miscellaneous articles including beds, furniture, etc.

Food hampers given out totalled 307 as well as a large number of free meals and lunches.

Christmas hampers and parcels totalled 442, mostly to country families.

Total of 135 homeless men were remembered in a special way at Christmas time. Several hampers of fruit have been sent through the year to camps and homes for unemployed men. A quantity of clothing was turned over to the Red Cross to be included in their overseas civilian relief shipments. Gospel services held in the mission numbered 31.

North Edmonton V.V.R. to Parade

North Edmonton Battalion, Veterans' Volunteer Reserve will assemble on 106 street, immediately south of Jasper avenue, at 8 p.m. Monday to participate in the Fifth Victory Loan parade.

All veterans attached to the battalion, whether able to turn out for this important parade. Forage caps, arm bands and medals will be worn, and great coats if necessary.

About 125,000 tons of phosphorus are exported each year from Tabili.

SPORTS EDITOR

ANOTHER chapter in Edmonton basketball history was written here on Friday night when at the annual meeting held in the Y.M.C.A. the roll call revealed that 12 clubs were prepared to enter what is expected to be the biggest senior men's cage circuit ever to operate in Canada.

The fact, too, that eight of the clubs are entirely composed of Americans and representing six leagues, if the U.S. Air Transport Command is included, differentiates the services of the service men from the situation still more unique.

That the league will function smoothly there is little doubt. Clare Hollingsworth, to whom must be given much of the credit for the success attained last year, is again president and he will have another able executive to rely upon. New members on the list of league officials include Col. Eugene Stevens, officer commanding U.S. Air Base at Edmonton and John Michaels.

ARMY AFTER ENGINEERS

ALTHOUGH a schedule consisting of doubleheaders three nights each week may appear to be a tall order so far as public support is concerned, spokesmen for the various entries are evidently under no misapprehension on this score and seem convinced the league will make it plenty attractive for the fans.

There is of course little doubt of their being considerable support, all amongst several of American teams, the most obvious case being that of the U.S. Engineers and the Yanks, the latter a new entry from the U.S. Air Base.

The Engineers won the league last year and the Airman appear

"Turk" Broda Is Conscripted By the Army

By the Army

PAGE TEN

SATURDAY, OCTOBER 16, 1943

TORONTO, Oct. 16.—(CP)—The Canadian Army Prisoner of War basketball team, known as the "Turk" Broda, has been conscripted by the National Hockey League.

Broda, a Montreal player, was removed from the 190-pound team on the outbreak of Toronto last night, a few minutes after midnight and took him to Stanley barracks.

There was no official clarification of the situation under which Broda failed to answer his call-up notice before the expiry time. It was known, however, that the returned goalkeeper had been waving for some days between enlistment in the army or the navy in Toronto. It was understood that he had finally decided to join the army here and play for the Toronto Army hockey team.

This decision, apparently, was changed Thursday. But available information is that Broda had then decided to enlist in Montreal. When he was removed from the team early yesterday, it was reported he was in company of a Canadian sergeant-major believed to have some connection with the Montreal Army hockey team.

A native of Brandon, Man., Broda played junior hockey in Brandon and Winnipeg before turning professional with Detroit Olympics in 1932. He moved into the N.H.L. with Toronto in the summer of 1935. His big year was 1940, when he won the major league goal award, the "Vezina Trophy."

Championship of the current intercollegiate grid loop at the University will be settled by a sudden-death affair atVarsity stadium tomorrow afternoon starting at 2:30. Med-Pharm-Dents, leaders at the end of the regular league schedule and Engineers, runners-up, will be the principals.

Chief interest in the mile and a furlong test centres on the performance of Shut Out, the Kentucky stable four-year-old which last year won the Kentucky Derby and Belmont Stakes to become top money winner in his division.

Asked for an explanation and he'll tell you.

He's younglings. They don't seem to have any rhyme or reason in their shooting."

Grant explained that he helped Ows in 1929-30 when he helped Ows Sound Regatta Port Arthur for the Dominion Lumber grows with only six regulars and two subs. He never quite reached the heights and when he ended the 1941-42 season with St. Paul of the American Association. Rea's thought he was through with hockey.

He was only on skates once last winter and that was as a referee. But this year when the call came from Coach Happy Day of Leas Practice session at the Leas National League training camp here, Grant had no illusions about his comeback attempt.

"I know what I'm up against," he said. "I'm on my feet. It's going to take me at least two weeks to get in balance."

"But I'm really giving this chance the old college try."

Others named to go to the tip in the traditional Havre Grace Handicap were Hal Price Headley's Anticlimax, 30 pounds; David Struss' Hal Troubadour, 108 W. William W. Borden's Mokabee, 108 W. L. Brown's Porter, 107; T. D. Bull's Swamp Swinger, 12; and Mr. D. B. Miller's, 104.

Halifax Navy Definitely Out

TORONTO, Oct. 16.—(CP)—R. W. (Bobby) Hewson, secretary-treasurer of the Halifax Navy Club, said Friday night there is "absolutely no chance" that an application by the Halifax Navy Club to participate in C.R.U. playoffs for the Grey Cup and Canadian football championship will be accepted by the C.R.U.

Hewson said he sent a telegram to the Navy Club Thursday advising them their application could not be accepted because they did not apply before last Oct. 1, which was the deadline for such applications set by the C.R.U. at its annual meeting last February.

Dertell May Play With Mustangs

CALGARY, Oct. 16.—(CP)—PO. Russ Dertell, posted from Dauphin, Man., to No. 3 S.E.T.S., Calgary, will be trying out for the post-keeping assignment with P.O. Tiny Tolmison's R.C.A.F. Mustangs of the Alberta Service Senior Hockey League. Recent postings of Hal Cartwright to Whitehorse and Jack Yewmark to the east left Thompson formerly playing in Saskatoon. PO. Bill Dertell, a brother, has also been posted here. He's a defenceman, both took their I.T.S. at Pearce, Alta., and are instructors.

Soccer Play-Off Is Improbable

A Western Canada soccer play-off is improbable this year, Jack Strachan, president of the Alberta Football Association, said here last night. Mr. Strachan said that No. 36 Service Flying Training School (R.A.F.) of Pembroke, Alta., are all-time champions, but he doubted whether they would meet Estevan R.A.F. in the Western Canada final.

"It is getting late in the season and so far we haven't received a request from anyone for an inter-provincial championship game," he said.

MONTREAL, Oct. 16.—(CP)—Moe Moskovich, former Montreal football player and boxer, entered hospital Friday and authorities said he would undergo an operation for removal of his left eye, injured in a restaurant fight at nearby Plaza Law last July.

Hereosovich was injured in a dispute over a woman described by a part of a "racial war" between Jews and French-Canadians.

GIRLS

Clare Hollingsworth was unanimously re-elected president of the league and Armistice Bull of the Y's again secretary. Doubleheaders will be played on Tuesday, Thursday and Friday of each week, with Monday the alternative choice when the floor is not available on Friday.

The 12 clubs in the league are: U.S. Engineers, Varsity, Latter Day Saints, Yanks, Quartermasters, Aircraft Repair, N.W. Division, U.S. Station Hospital, Y.M.C.A., Air Transport, Command, Bechtel, Price, Calahan and 40nd Service Squadron.

The complete list of officers named is as follows: Honorary president, J. Percy Page; honorary vice-president, Col. Eugene Stevens; officer commanding U.S. Air Base, Edmonton and John Michaels; president, Clare Hollingsworth; vice-presidents, Hon. Solo Low and W. T. Tall; secretary-treasurer, Armour Bull.

In addition there will be an executive committee consisting of one delegate from each of the 12 clubs. Tommy McClocklin was appointed referee-in-chief.

Lt. George Reptick of the U.S. Air Base, was named chairman of the committee in charge of the opening ceremony.

The league this year will comprise four teams more than operated during the 1942-43 season and eight of the total of 12 will be made up wholly of Americans, five of the latter being new clubs.

U.S. Engineers, Varsity, Latter Day Saints, Y.M.C.A., Air Transport Command and Bechtel, Price, Calahan were all members of the league last season. The other two clubs, Adams and City Police had not re-upplied for membership.

Ulysses S. Grant was the only West Point graduate who ever became President of the United States.

His arrival brings the number of veterans in camp to five. Other seasoned campaigners are Ott Heller, for 12 years a standout on defences, Gordon Davidson, another defenceman, and Grant, Warlick and Bill Gooden, both forwards.

Hextall's arrival should help up to immeasurably, said Coach Frank Boucher last night, and "we" was he was travelling on the ice today he appears to be headed for another great season."

Cooling out from his fourth practice session at the Leas National League training camp here, Grant had no illusions about his comeback attempt.

"I know what I'm up against," he said. "I'm on my feet. It's going to take me at least two weeks to get in balance."

Opening Game At Westglen October 29

EDMONTON Men's Basketball League was reorganized for the ensuing season at the annual meeting held at the Y.M.C.A. on Friday night and will consist of 12 teams, eight of which are American.

The opening game will be played at Westglen gym on Friday, Oct. 29, commencing at 7:30 p.m.

"I know what I'm up against," he said. "I'm on my feet. It's going to take me at least two weeks to get in balance."

"But I'm really giving this chance the old college try."

Others named to go to the tip in the traditional Havre Grace Handicap were Hal Price Headley's Anticlimax, 30 pounds; David Struss' Hal Troubadour, 108 W. William W. Borden's Mokabee, 108 W. L. Brown's Porter, 107; T. D. Bull's Swamp Swinger, 12; and Mr. D. B. Miller's, 104.

Halifax Navy Definitely Out

TORONTO, Oct. 16.—(CP)—R. W. (Bobby) Hewson, secretary-treasurer of the Halifax Navy Club, said Friday night there is "absolutely no chance" that an application by the Halifax Navy Club to participate in C.R.U. playoffs for the Grey Cup and Canadian football championship will be accepted by the C.R.U.

Hewson said he sent a telegram to the Navy Club Thursday advising them their application could not be accepted because they did not apply before last Oct. 1, which was the deadline for such applications set by the C.R.U. at its annual meeting last February.

Dertell May Play With Mustangs

CALGARY, Oct. 16.—(CP)—PO. Russ Dertell, posted from Dauphin, Man., to No. 3 S.E.T.S., Calgary, will be trying out for the post-keeping assignment with P.O. Tiny Tolmison's R.C.A.F. Mustangs of the Alberta Service Senior Hockey League. Recent postings of Hal Cartwright to Whitehorse and Jack Yewmark to the east left Thompson formerly playing in Saskatoon. PO. Bill Dertell, a brother, has also been posted here. He's a defenceman, both took their I.T.S. at Pearce, Alta., and are instructors.

Soccer Play-Off Is Improbable

A Western Canada soccer play-off is improbable this year, Jack Strachan, president of the Alberta Football Association, said here last night. Mr. Strachan said that No. 36 Service Flying Training School (R.A.F.) of Pembroke, Alta., are all-time champions, but he doubted whether they would meet Estevan R.A.F. in the Western Canada final.

"It is getting late in the season and so far we haven't received a request from anyone for an inter-provincial championship game," he said.

Losen Eye

MONTREAL, Oct. 16.—(CP)—Moe Moskovich, former Montreal football player and boxer, entered hospital Friday and authorities said he would undergo an operation for removal of his left eye, injured in a restaurant fight at nearby Plaza Law last July.

Zivic Is Beaten In 10-Round Bout

DETROIT, Oct. 16.—(AP)—Joe Basora, Puerto Rican welterweight from Frisco, Texas, defeated Zivic by a 10-round unanimous decision.

Zivic, a 240-110 betting choice, fell victim to a stalling left hand and a boxing right uppercut. There were no knockdowns.

Referee Elmer (Slim) McClelland gave Zivic one round, the first and called the ninth even. He gave Basora the other eight. The two judges gave Basora all but two rounds which they called even.

The gross receipts were \$13,200, with \$1,015 earmarked for boxing's service athletic fund.

This order requires that no male employee be released, nor may be separate, from a job in either of the two top labour priorities—"A" and "B"—without first securing special permission from a National Selective Service Officer.

The order bears equally on employer and employee: both are restrained from any wastage of man hours through needless labour turnover.

An employer is obligated to post a notice in the form prescribed, where his plant or undertaking is covered by the order, so that his employees will be informed of the regulations as applying to them.

All are urged to comply in the national interest. Penalties are provided for failure to comply.

Anyone wishing information is requested, to enquire at the nearest Employment and Selective Service Office.

Employers and employees alike are urged to strike a blow for freedom! Keep production at full capacity!

Turner Just as Good As He Claimed To Be

COLLEGE STATION, Tex., Oct. 15.—(AP)—Stanley (Bing) Turner, 200-pound redhead, newcomer at Texas A. and M., told coach, Homer Norton: "I'm going to be your star this year. I can kick, pass, call signals and tote the leather if that's what you need, coach."

"Well, Turner, I'm glad to meet you," replied Norton. "and I hope you're even better than you think you are."

With such talk came predictions that the confident Mr. Turner would be taken down a peg or two by the first time he hit the practice field. But he wasn't.

Today he leads the football conference in scoring, punting and kicking yardage, and he's a point after-lunch specialist coaches dream about.

Before the season started he reported to the practice field early every day. He got a football so he could work on his kicking during off-hours from his studies. When fall training began the irrepressible Bing hit the ground running, punting, passing and playing a whale of a defensive game. Turner has scored four A-games.

Month in Prison Penalty Imposed For "Loose Talk"

VANCOUVER, Oct. 15.—(CP)—A warning that persons "who are not fighting at the front should help by keeping their mouths shut" was given by Magistrate Mackenzie Matheson in police court yesterday, when he sentenced W. J. Rowland of Vancouver to one month in jail on a "loose talk" charge.

Rowland, charged with giving information about naval vessels to an army intelligence officer and an R.C.A.F. man in a broadcast on C.B.C. 8, was found guilty last week.

LT. C. N. H. Upton of the Royal Canadian Navy Intelligence branch testified at the trial that Rowland's information could have been "most decidedly" useful if it had reached the hands of the enemy.

NEW YORK, Oct. 15.—Within the week the National Boxing Association will single out Bobby Ruffin as a light-weight contender despite his own manager's contention that he is "a ham".

President Abe J. Greene of the National Boxing Association says, "much as we regret there's nothing we can do but consider Ruffin for a spot among the contenders."

This means that Bobby Ruffin, the ring's worst actor, will be placed in the same contender's category with Bob Montgomery, Beau Jack, Jess Zvara, Montezuma, recognized as champion in New York state, is slated to defend that title against Beau Jack at Madison Square Garden, Nov. 15.

Meanwhile Ruffin is baring up and down the land, decrying this Montgomery-Beau Jack bout, because he kicked Beau Jack a week ago Monday. On that particular night, Ruffin entered the ring a 9-1 under dog, and came out with the unanimous decision.

NO STOPPING HIM

SINCE then, there has been no holding Ruffin. He has forced his press agent, Maurie Waxman, to make matches with the winner of the Sammy Angott-Slugger White fight on the coast and arranged for a return bout with Beau Jack after the latter meets Montezuma.

When Ruffin of New York met Beau Jack, everyone figured that the former champion would bell his brains out; but he didn't. Ruffin gave him a boxing lesson in almost every round, weathering Jack's hardest punches and moving about the ring like a young Corbett. When the verdict was announced, Bobby rushed over to the ropes and threw kisses at the lone fight writer who had picked him.

HAS YEN FOR ACTING

BECAUSE of that triumph, Ruffin is ready for anything that will drag in money. He has earned for himself and his father and mother more than \$2,000 since he turned professional six years ago; and he figures on adding at least \$10,000 during the next year.

Ruffin, brown-haired and five-foot-seven, has a yen for acting. He tried out for "The Zerkos" but gave up the prizefighter's part. When he was expected to open with statements that might be regarded as anti-Negro.

But he still wants to be an actor and says, "I'll rest my nose straight."

Re-Elected

Clare Hollingworth, president of the Edmonton Men's Basketball League for the past year, was re-named to that position at the annual meeting held on Friday night.

and, then go to work on the stage."

Comanager Maurie Waxman says, "I wish someone would hit him on the chin and knock him stiff. Maybe he'd forget about acting then. Maybe he'd quit acting like an understudy to Blar Blar. They all hit him—and nothing happens. I'll still have plenty of ham—and nobody who tangles with him can break an egg. Neither can he."

Two Children Burn To Death in Barn

RICHMOND, N.B., Oct. 15.—(CP)—Screams of two children hurrying to death in a barn, led grimly yesterday on the ears of Richibucto residents, unable to enter the blazing building. Later, they found the charred bodies of Louis Daigle, four, and his baby sister Ellen, two. It was believed the children had been playing with matches in the barn, near the Daigle home.

Tommy Dewar Will Play Pro

CALGARY, Oct. 15.—(CP)—Tommy Dewar, former defenceman of Calgary Stampedeers, who just out of Kirkland Lake Blue Devils in the Allan Cup final in 1940 and who helped Calgary Stampedeers win the Western Canada International championship at Vernon last spring, has been offered a contract by the Chicago Blackhawks.

It was uncertain if Dewar was going to report to Bill Cook, manager of Cleveland Barons or to Lester Patrick, of the New York Rangers, now in training at Winnipeg. He had been discharging with a Cleveland scout, but may have been picked up by the Blackhawks after a long distance consultation with Patrick. Dewar was out in Calgary City when he had a recent army medical. He was informed that his heart wasn't pumping as regular as it should.

How soon will Daddy be Home?

It's Ladies' Day Monday!

Whether you buy from the place of your employment, the bank or any other source, by getting your Bond on Monday you have a chance to win an extra Bond for yourself and also for a member of the Armed Forces.

That question is echoing in the hearts of those who are waiting, so bravely, for their men to return!

Whether it be for daddy, for husband, brother, son, friend or sweetheart, Canadians are eagerly asking how soon their men will come back from the battlefields on which they will have *whipped* our enemies, and won Victory and Peace . . . for us!

Some, we know, will never come back!

What we owe to them, and to those who loved them, can never be repaid. The "warrant of our freedom" is written in their blood. Their sacrifice must be remembered forever. We must be worthy of what they died to preserve for us, and *make their victory sure.*

But what of the living? What do we owe to them?

To our men, of all services, who are still in the fight, we are under the most solemn obligation to provide everything that will hasten the end of the war . . . that will lessen the dangers they endure . . . that will speed their return to the privileges we enjoy . . . to peace and happiness with their loved ones . . . to freedom from want and fear.

How can we speed their return?

By buying Victory Bonds. That's the quickest, most effective way to provide our men with sustained power that will ensure the defeat of our enemies, that will end the war and bring our men home . . . victorious!

Buy Victory Bonds now with your savings. Then buy more on the instalment savings plan. Actually you are not buying . . . you are **LENDING!** Every dollar you invest in Victory Bonds is still yours, earning better than bank interest, building up a nest-egg for your future, a key to opportunity in the postwar period.

Buy Victory Bonds now, and hasten the return of our gallant men and women. *What you do today will help to determine how soon they will be home!*

PAVE THE WAY TO

WITH WAR BONDS

Buy Bonds to Build Bombers to Blast Berlin!

EDMONTONIANS—ALBERTANS—CANADIANS—The FIFTH VICTORY LOAN campaign begins Monday morning with an objective of one billion, two hundred million dollars and your DUTY is to buy BONDS to the limit of your ability to help PAVE the way to VICTORY . . . to build aeroplanes, tanks, ships of war, guns, and munitions!

This is everybody's war and everyone of us must be in it with the last dollar! The more Victory Bonds we buy the easier going for our fighting forces, and the fewer casualties. The more VICTORY BONDS we buy the stronger the "bond" between our loved ones far from home, and ourselves.

ALBERTA'S record to date, per capita, is second to none in the Dominion, in men and money! In the first, second, third, and fourth Victory Loan campaigns we went over the top—we did it before and we'll do it again! So go the limit and meet the emergency—speed the Victory!

Next week hundreds of Edmontonians and Albertans will shoulder the responsibility of securing EDMONTON'S—and ALBERTA'S—quotas. Greet those who canvass you to buy Victory Bonds with a smile, the smile of WELCOME! For they are out to do their "bit" towards VICTORY and have merely CALLED ON YOU for your contribution to FREEDOM'S CAUSE. Thank you!

Errand for Q-74

By MALCOLM TAYLOR

THE STORY: Capt. Raymond Imhof, U.S. Army Intelligence, has been assigned to follow down trail of Q-74, leading to very important information which would be valuable in winning out of Germany. The place from which Imhof was to parachute into enemy territory is located down over the Rhine. He and R.A.F. Pilot Officer Danforth are engaged. On the trail to Cologne, Imhof accidentally discovers Danforth is a girl.

CHAPTER IX

For a second Imhof's brain whirled like a pinwheel in a strong wind. Danforth a girl? But a girl in the R.A.F.—nobody could get away with that. Yet, but she had the same build, the same hair, the same eyes. He and the girl stared at each other.

Danforth seemed amazed in Imhof's whirling thoughts. His mission! He was on a spot. A girl? What was he to do? A girl? He and the girl stared at each other.

HOLD EVERYTHING

"Is that one of those guerrilla fighters I've read about?"

other. She was the first to speak. "How rotten!" she exclaimed. "I mean that you shouldn't know, ought to have peeled off right away."

"Gretl Scott!" said Imhof, staring at her and trying to stop the pinwheel in his head. "This is—this is— he gestured helplessly. "When you got into the R.A.F. or fooled me at Skiford, I don't know—but—"

"I'm not! I didn't!" she declared. "I mean I'm not in the R.A.F. and I didn't fool you at Skiford. I was my brother, Patrick Danforth, you saw there. I'm Patricia, his sister. We're twins, identical twins."

"You certainly are!" said Imhof and stopped the pinwheel. "But why are you here? I'd like to know—but your brother?"

"He couldn't come. Had an accident. "Surely he didn't end up in his place!" Imhof asked incredulously. "Of course not," Patricia then forth denied. "Rick had no idea I was coming."

"Tell me what happened," said Imhof. "I knew nothing about tonight's flight till Rick told me about it at home this evening," explained the girl. "We live a few miles from Stansbury, so he stopped over to see me on his way from Skiford. "We were having dinner early as Dad had just come in. Home. Guard duty and Mother had a first-aid class in the village Rick decided to stay and have dinner with us instead of at the stuffy mess at Stansbury. After dinner Dad and Mother said goodnight and left. Rick and I talked about the flight some more till it was time for him to head for Stansbury. He went up to his room a minute to get something and we were coming down again when it happened. Rick was in front and he turned to say some-

thing when he stepped on Beetle's tail. Beetle's our 'Scottie,' she added sarcastically. "Rick took a terrific spill. He sat on the floor and grinned, but when he tried to stand up he nearly fainted."

"I raced to the phone and tried to get Skiford, but the line was engaged. Imhof nodded. That was probably just when the C.O. at Stansbury was calling Skiford."

"But I kept on trying, nervously discussing with Rick what do about coaching his substitute. Rick sat there and when and at what altitude he was to pick up the bombers. Rick had had his instructions from the flight instructors. About all these things, I'd read them, gone over them with him. The new pilot would have to have them. So we decided that as soon as I got Skiford and arranged for a substitute, I was to take Rick's motorcycle and dash to Stansbury and give him these flight instructions."

"Well, Patricia Danforth continued. "I never got Skiford. Somebody was playing the line Rick was watching the clock frantically all the time and finally he told me to give it up. "Then Rick told me to call up Stansbury and break the news to you. It's a crime, though," he said. "I could kill Beetle. Why even one I could catch those insect bombers from here!"

"It came to me in a flash," Patricia Danforth continued. "I don't know why I hadn't seen it before. I could fly you over! I'm a good pilot. Rick left so he never soft-soaps me. And I wouldn't be given my job if I weren't—delivering planes from factory to field. I knew every detail of the flight to-night from going over the whole thing with Rick."

"I turned away so he shouldn't see my face and guess, went to the phone, faked the call to Stansbury and told him it was 'all right. Then I said I'd go to the village and get something for his ankle and hurry up the doctor. I'd called him earlier, but he was out, so I left a message. I made Rick comfortable in a dressing gown on the divan and hung up his tunic, sneaking his pass and papers. Then I sprang upstairs, jumped in— and out of Rick's like lightning. I dashed out, taking his bag, and scurried to Stansbury on his motorcycle. I was a little worried about my hair, though I've worn it shingled since the Blitz, so I pulled Rick's cap down over my ears and hid my hair. I didn't think anybody would know I was a girl once I had flying clothes and helmet on."

"Nobody dreamed of it," said Imhof, who had by now regained some of his poise. "I can't begin to tell you, Miss Danforth, how much Pat laughed. She had a nice laugh. Imhof has noticed that in the plane."

"I thought you 'Yanks were quick thinkers," she said. "Pat-to you!"

(To be colored with paints or crayons. Whenever you come to a word spelled in CAPITAL LETTERS, use that color.)

"Here," said the YELLOW-haired Fairy Queen waving her YELLOW wand into a bunch of GREEN leaves. "You have forgotten to paint these. "Ooo!" laughed the Fairy Painter. "You've got to paint these too. "The BLACK trunked tree looks lovely with its little legs," as I said intended to do. "Ah," said the Fairy Queen, standing on the very tips of her thin GREEN slippers. She stood on a GRAY (use BLACK lighter) line of the same tree. "You would surely use some of that PURPLE or ORANGE (use RED and YELLOW mixed) color or even the BROWN spot of color on your palette—but you have your brush in the RED spot all the time. "I've used all the YELLOW I am going to use

on this branch tree. See how YELLOW all its leaves are," said the Fairy Painter. "They look like pure GOLD!" cried the Fairy Queen. "Will you paint the grass, too?" "The GRASS is a very dark GREEN, but its wings are a light GREEN. "The FAIRY Queen wears an acorn cap. It is a very light PINK (use RED lighter) color. The FAIRY Queen has a BRIGHT BLUE star on her crown and the sky is a bright BLUE, too. Paint the longer GRASS color and the lettering a deep BROWN."

City's Greatest Military Parade to Launch Loan Drive

Canadian and American Forces Will Take Part In Speed Victory March

Greatest financial challenge to patriotic Canadians since the start of the Second World War—Canada's Fifth Victory Loan—will be appropriately launched on Monday evening with the largest parade in the history of Edmonton.

Now in East

The stirring spectacle of Edmonton's greatest parade will typify the spirit of all Edmontonians who are called on to dig deeper than ever before to buy bonds totalling \$2,380,000, the city's quota for the Fifth Victory Loan.

Following final conferences with Group Captain R. M. Smith, commanding officer of No. 3 R.C.A.F. "A" Squadron, who is in charge of all armed service organizations participating, heads of veterans' bodies and interested civilians, Group Parade Marshal John Michaels stated Saturday that everything is in readiness for the greatest victory march in this city's history. Frank Drayton is assistant parade marshal.

INCLUDE ALL FORCES
Marching in the parade will be representatives from every armed service, the navy, army and air forces, both Canadian and American.

The senior service, the navy will have fine representation in a well-drilled company of sailors from H.M.C.S. Nonsuch, under the command of Lt. Cmdr. J. A. Dawson.

In addition to army units, all city training establishments that have been in full force for the past year, including the Canadian Army and the C.W.A.C., under the command of Area Commander Lt. Col. Allen Elliott, E.D., will be joined by all.

Driver Killed As Automobile Hit by Train
Struck by a passenger train one mile east of Viking, about 11 a.m. Friday, W. F. R. Spence, an autoist, was immediately killed, according to a report received by R.C.M.P. headquarters in Edmonton.

A passenger aboard the train, Corp. Miller, Wainwright detachment, R.C.M.P., returning to Wainwright from Edmonton, stated that Spence had been testing his car on the highway, and apparently he had not been aware of the approaching train. His dog, also in the auto, was killed in the collision.

TESTING AUTO
An investigation showed that Spence, whose address was not stated, together with his wife, had been in Viking where the car, a 1940 sedan, was repaired at a local garage. Upon completion of the work, the owner took the car out on the highway to test it.

An inquest will be held in which it was decided by Dr. Cutsengue, coroner.

I Saw Today Daily Service City - Winnipeg On TCA Program

New daily passenger airplane service between Edmonton and Winnipeg direct will be in operation within a few days, according to TCA, probably within the next few months. O. T. Larson, vice-president of Trans Canada Air Lines, said here Friday.

Mr. Larson, accompanied by J. H. Tudhope, recently appointed executive assistant of TCA, was in Edmonton briefly during the course of a tour of inspection of the western lines.

"We are working out technical details for the new service now, such as radio range and landing field facilities," Mr. Larson said. "It is impossible to say exactly when the new service will start but it should be fairly soon, a matter of a few months at the most," he added.

The new Edmonton-Winnipeg service will be one plane way each day.

It will result in a greatly speeded up service between the two large western Canada centres, and also between the two terminals will be the Saskatoon-Winnipeg service.

TO MAINTAIN SERVICE
The two-plane daily schedule between Edmonton and Winnipeg, connecting with planes for Vancouver and the east will be maintained after the new Edmonton-Winnipeg service is in operation.

While the new line will make additional service possible, it will not interfere with the existing schedule worked out in maximum use of aircraft at a minimum weight and cost.

A-R-O-U-N-D THE TOWN
The Edmonton Stamp Club will meet in the L.O.O.F. hall on 103 street at 8 p.m. Monday, Oct. 18.

ASSIST COMMITTEES
In addition to organizational therapy, Mr. Dickey will look after survey work of the "mobile X-ray clinic" placement and rehabilitation of patients in suitable employment, and will assist local Christmas Seal committees in their annual campaigns for funds.

The Alberta Tuberculosis Association was organized in 1936 largely through the efforts of E. C. Shuphrey of Edmonton, a past president of the Edmonton Kinsmen club, with the object of co-ordinating the work of prevention and rehabilitation in the province.

As an example of the association's work, a mobile X-ray unit is now touring the province as part of the prevention campaign through discovery of early cases. The unit was purchased by the association with funds raised from the sale of Christmas Seals and was then turned over to the provincial department of health.

In Edmonton, the Christmas Seal campaign is sponsored by the Edmonton Kinsmen club, which organization has played a large part in the work of tuberculosis prevention and rehabilitation in the northern section of the province for many years.

U.S. Navy Breaks Tradition By Sending Two Red Cross Girls on Alaskan Service

The U.S. Navy recently broke tradition by sending two specially selected Red Cross girls to Kodiak, Alaska, to supervise entertainment and maintain morale for the Navy men in that far flung outpost.

After many months in the Aleutians Evelyn Wood and Edna White have been transferred here to the Red Cross Service Centre on Jasper avenue.

When they arrived at Kodiak, Alaska and Alutians were still in enemy hands. Practice air raid drills were a part of every day life on the island.

"They were designated as Condoliers 1, 2, and 3. A stern drive and we had to go to our station. In condition one we went to our dress station. Condoliers were put on our helmets and we were prepared for action," said Miss Wood.

"Condition three was a warning that trouble was on the way. The alarm would sound during the night. When that happened we'd make coffee for the doctors and nurses and try to get some sleep on mattresses in our fox holes."

TEASED GIRLS
The navy boys had great sport teasing the girls when they first arrived. They told them tall tales about the giant 1,500 pound Kodiak bears and they tried to frighten them with stories about the Willamette winds that blow 80 miles an hour and came up in less than five minutes.

But to glads that Miss White and Miss Wood thought her life's been lived in Asia and Europe, and travelling in her blood. Miss Wood thought her life's been lived in Asia and Europe, and travelling in her blood.

Speaks Wednesday Civic Progressive Group to Nominate

Graham F. Towers, governor of the Bank of Canada and chairman of the National War Finance Committee, will be in Edmonton next Wednesday. He will address a luncheon meeting of Edmonton Victory Loan workers in the Macdonald hotel at 12:15 noon Wednesday. The head of the Bank of Canada is making a tour in connection with Canada's Fifth Victory Loan Campaign. He will arrive here Tuesday.

Adna C. Tuttle was arraigned in city police court Saturday morning before Magistrate A. J. Miller, R.C. on a charge of carrying an offensive weapon. No evidence in the case was given.

Group to Nominate

Staters pertaining to the forthcoming civic election were discussed at a meeting of the general executive of the Civic Progressive Association, held Thursday night. It was stated that Aldermen Mrs. J. A. Clarke and Alderman Guy Patterson will stand for nomination, and probably will be selected. The matter of additional candidates was left over to a meeting to be held early next week.

It was agreed that a nominating convention would be held on Friday, Oct. 22 in the hall at 924 Jasper avenue at 8 p.m.

Several names of possible candidates for the mayoralty were discussed and it was fairly certain that a candidate for that office will be held up.

TO THE Women of Edmonton:

The privilege of officially opening our Fifth Victory Loan has again been extended to you.

This honour is yours, because your sons and daughters, together with the sons and daughters of the United Nations, are bringing us Victory.

We know you are determined to "Speed the Victory." Many of your fighting sons have given their lives. We honour them and the thousands who must still carry on. They need, and are worthy of our support to the last dollar. We must not slacken our efforts now. Our enemies hope that our victories will make us complacent.

Your making "Ladies' Day" Edmonton's greatest of our campaign as you "Speed the Loan to Speedy Victory" will be the answer of the Women of Edmonton to our enemies.

U.S. Navy Prepared For Jap Showdown
WASHINGTON, Oct. 16.—(AP)—Secretary of Navy Frank Knox expressed again yesterday the United States Navy's hopes for a showdown scrap with the Japanese fleet. Asked at a press conference about Tokyo radio assertions that the Japanese would welcome such a battle, he replied: "What I wish they were ready. We've been hoping for it for a long time."

250 Call for Tea at Home American Red Cross Girls

Two hundred and fifty to three hundred guests called at the Red Cross girls' tea at the Victoria Hotel, 10333 13th street, on Friday afternoon and evening, when members of the American Red Cross Service club entertained at tea and displayed 40 hand-made dolls and 20 small calico animals which they have made.

The dolls and animals, made and dressed under the direction of Mrs. Paul Duffley of the Service club, were presented to the Red Cross Service shop by the American Red Cross girls. They will be taken to the shop on 103 street, sometime at the weekend.

Laidlaw-Larsen Nuptials Held

A guard of honor, made up of Canadian and Australian Air Force officers, and an armed escort, made up of senior N.C.O.s, was arranged at the entrance to the Victoria Hotel, 10333 13th street, for the wedding of Miss Adelaide Laidlaw of Edmonton, B.C., and Mr. Laidlaw of Vancouver, B.C., which took place on Friday evening.

The bride is the daughter of Mr. and Mrs. O. A. Larsen, of Edmonton, and now residing in Edmonton. The bridegroom is the son of Mr. James Laidlaw and the late Mrs. Laidlaw of Vancouver, B.C.

The bride was married by her father, the bride wore an ensemble of white and carried a bouquet of gardenias.

Mrs. David Morris and Miss Karen Larsen attended the sister. Best man was P. J. MacLean, R.C.A.F., and usher was P. J. Colm O'Brien, R.C.A.F. and Mr. C. H. Cullen, R.C.A.F.

Reception was held in the service room where 110 officers, and friends of the bride and bridegroom, gathered to wish the couple well.

The bride left later in the evening for Banff to spend their honeymoon. They will make their home in Edmonton temporarily.

Bathing Suit War At Egyptian Beach

ALEXANDRIA, Egypt, Oct. 16.—(C.P.)—Civil war has come to Alexandria and Cairo, via midday's midriff.

Alexandrians were unhappy enough when 80,000 Canadian troops left their broad beaches, but when the female invaders flaunted their midriffs in two-piece suits, the home team decided it was too much to bear.

Revenge for invasion of privacy came in an edict making the wearing of bathing costumes "unbecomingly" forbidden. The ladies of Alexandria say they're immune to the fact that they wear them themselves doesn't matter a bit.

Alexandrians look back wistfully on three seasons when they had their beaches to themselves. Of course, in 1940, there were air raids, and Graziani was on the doorstep.

In 1941, Rommel was threatening, but at least there were no Cairo's.

Now, the visitors feel that this year is the first chance they've had to see real holiday suits, but they are not so sure.

They crowd the beaches, the bathing cab business is booming, and the Alexandrians don't mind.

Alexandrian police prove the beaches attract "fines from women in two-piece suits. But the ban, however, is for home-coming, in two-piece suits are being arrested.

IRONING TIP

Old sheets make good covers for ironing boards. Instead of taking the iron, the cloth can be ironed and a drawing run through it. This will be easier to remove the cover for washing and it will last longer.

FIFTH VICTORY LOAN FOR \$1,200,000,000 OPENS MONDAY

Over
**FIVE MILLION
CANADIANS
ARE ASKED TO**

SPEED THE VICTORY

TODAY after four years of desperate preparation, the United Nations are finally armed to the teeth and coming to grips with the enemy in that final gigantic battle which can only end in victory. Today finds Canada girded for war on a scale never equalled by any nation of like population.

We have more forces, better armed and equipped than ever before in history. We have more ships, planes, tanks, guns, in action or ready for action. We have more factories, more machines, producing the things that win wars. We have more Canadians engaged in war production than at any previous time.

Yes, our great war-making machine has grown to giant proportions. Now we must keep it operating at full capacity if we are to crush our enemies in the shortest possible time. That is what the Fifth Victory Loan is for. Greater sums of money than ever before are required—to keep our armed forces supplied, to operate our factories and shipyards, to speed production in our mines, in our forests and on our farms.

5,200,000 Canadians are now earning money throughout the length and breadth of this country. Canada asks 5,200,000 Canadians to buy Victory Bonds. The Fifth Victory Loan needs the united support of all. Buy Victory Bonds, and—Speed the Victory.

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you or place it with any branch bank or trust company. You can also buy Bonds through your employer for cash or on the Payroll Savings Plan. Or send your order to your local Victory Loan Headquarters. Any one of these agencies will be glad to give you every assistance in completing your application. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger.

Maj. W. C. Roberts Serves Many Years

Maj. W. C. Roberts, brigade major of the 41st Reserve Brigade Group, is one of the veterans of the Canadian Army with almost 30 years continuous service.

From 1914 to 1919 Major Roberts was with the Canadian Expeditionary Force and served with the 7th Canadian Infantry Battalion in France. After demobilization in 1919 he re-enlisted with the 2nd Strathcona Horse (R.C.) permanent force and for many years was Squadron Sergeant Major Instructor of that unit. In 1939 he was commissioned as adjutant of the Regimental Depot of the L.S.H. (R.C.) in 1939.

Before being appointed Brigade Major in May, 1942, Major Roberts was chief instructor at the School of Instruction, Currie Barracks.

Civil Servants' Loan Quota Set: \$200,000 Is Aim

Alberta civil servants' quota for the next Victory Loan Campaign has been set at \$200,000. It was decided at an organization meeting held in the Legislative Buildings Friday morning. Hon. Selton E. Low, provincial treasurer, was chairman. Fifty deputy ministers, heads of government departments and others interested in organizing the sales campaign attended the discussion.

Monday afternoon, a meeting will be held for staffs of government offices in the Legislative and Terrace Buildings. It is hoped Premier Ernest Manning will give the main address at this gathering.

On Tuesday and Wednesday, meetings will be held for groups of employees from other buildings. Each department is to handle its own canvassing.

The \$200,000 quota has been arrived at from percentage figures of the total payroll, after allowing deductions for buying War Savings Stamps. In the Fourth Victory Loan, provincial civil servants' quota was \$120,000, and was exceeded by \$23,000.

McKenney On Bridge

BY WILLIAM E. MCKENNEY

America's Card Authority. My friend Al Morehead, tells me that his own favorite hand among the many he has played is an extremely simple manoeuvre. He never expected to make the four-page contract, which he bid as a non-vulnerable sacrifice.

West opened the tie of clubs and East took the ace. The club queen came back and Morehead won. Now a diamond is led to dummy, East playing the nine, and a spade

was led from dummy. East played the ten and Morehead won with the queen.

South could limit his loss to three tricks by putting dummy in again and leading another spade. But Morehead forewarned that if he led another diamond, then led a spade from dummy, East would jump up with the spade ace, underbid his heart ace to put West in, and ruff a diamond return for the setting trick.

So Morehead led his six of hearts and shut off West's entry, or at least made West take the heart trick when it would do him no good because East was not yet in a position to ruff diamonds. On another heart, lead South trumped, entered dummy with a diamond and led a spade. Now East could get only one spade trick and the contract was made.

WRITES "MY DAY" FOR BULLETIN READERS

Your Baby and Mine

COMPLETE BABY CARE ARTICLES APPEAR EVERY DAY

A vertical strip of 15 cartoon faces, each with a unique expression and hairstyle, arranged in a single column. The faces are drawn in a simple, expressive style with large eyes and prominent features. The expressions range from surprised and happy to angry and sad. The hairstyles are also varied, including short cuts, long hair, and hats. The strip is a classic example of a 'face book' or 'expression book' used in animation to show a range of emotions for a character.

By Williams

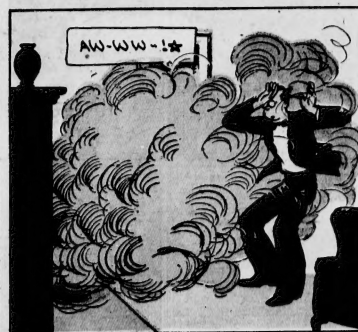

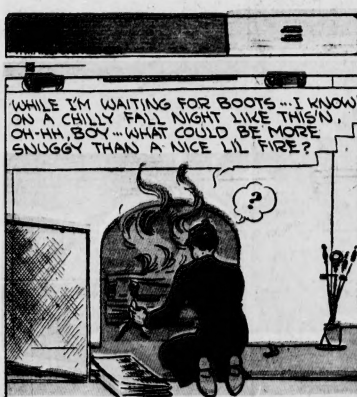

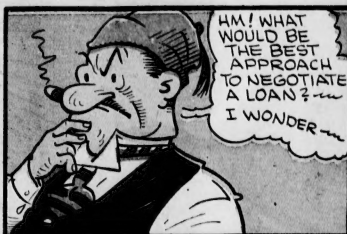

A vertical strip of 15 cartoon portraits of various men, including characters like Mr. Bean and Mr. Potato Head. The portraits are arranged in a single column, each with a small number in the bottom left corner. The characters are drawn in a simple, expressive style with exaggerated features. The first portrait is a man with a large nose and a suit. The second is a man with a large nose and a suit. The third is a man with a large nose and a suit. The fourth is a man with a large nose and a suit. The fifth is a man with a large nose and a suit. The sixth is a man with a large nose and a suit. The seventh is a man with a large nose and a suit. SUPERMAN

BUT I AIN'T
HAD ANY LETTER
AT ALL
I'M EATIN'!

GET A SPOT
OF FIELD
RATION NO. 8
TO SHARE?

IT'S
SUPERMAN! AN ANTHILL AND SIT
DOWN, SUPERMAN
WE GOT TO KNOW
OF CHOW!

YIPPEE! PULL UP
ON SUPERMAN!
SURE-TAKE
MINE, I'M NOT
USING IT...

PRETTY TASTY! IT'S SUPER LINK!
BROOKLYN! HOME APE PROUD
THAT
OF GIRL-AND THERE ISN'T THAT
AMERICAN FIGHTING
MAN IS THE BEST
FED SOLDIER IN
THE WORLD!

SUPERMAN AS SOLE REPRESENTATIVE OF SUPERMAN'S
SERVICE FOR SERVICEMEN HAS BEEN ASKED BY MARY STARR,
WAG TO INVESTIGATE A REPORT THAT HER MAINE BOY
FRIEND BOB MARTIN, HAS A NEW GIRL IN THE SOUTH PACIFIC.
EN ROUTE TO THAT QUARTER OF THE GLOBE, SUPERMAN HAS
DESCENDED ON A FLEET OF 700 JAP WARPLANE MEANWHILE
BOB AND SOME PALS ARE BREAKFASTING IN A JUNGLE CLEARING.

ALITTLE LATER, SUPERMAN TAKES
CORPORAL BOB MARTIN ASIDE.....

HOW COME BOB? NO
APPELLE! A FACE A
MILE LONG-HARDLY
THE PICTURE OF A
FELLOW WHO'S FOR
GOTTEN ONE GIRL
AND FALLING IN LOVE
WITH ANOTHER?

ARE YOU KIDDIN'
MARY STARR IS
THE ONLY GIRL
I'LL EVER LOVE-
AND SHE'S THE
ONE WHO'S TOSS
AND FLED IN LOVE
TAKE A GANDER
AT THIS LETTER.

HMMM, VERY INTERESTING! DO ME A
LETTER FROM A CERTAIN FAVOR WILL
LILY FIELD, EN? TELLING YOU SUPERMAN
YOU ABOUT MARY'S
NEW BOY FRIEND.

THIS IS ONE CASE
BOB, WHERE I THINK
I CAN GUARANTEE
SATISFACTION! YOU
CAN STOP WORRY-
ING AND START
EATING!

SOMEHOW I'M
FEELING BETTER
ALREADY!

AND WHILE THE MAN OF TOMORROW
STREAKS ACROSS THE PACIFIC TOWARD
AMERICA, WE LOOK IN ON A WAG CAMP
NEAR METROPOLIS....

AFTER ALL, MARY! NO, I I
DON'T SUPPOSE YOU
CAN BLAME BOB, HE ALWAYS THERE BUT I
LIKED THE FEMININE TYPE, I'VE GOT
OF GIRL-AND THERE ISN'T THAT
ANYTHING VERY FEMININE
WAG IS
THERE?

WHAT'S UNFEMININE ABOUT WHY, MISS
DOING A REAL JOB FOR
YOUR COUNTRY-AND WHAT
DO YOU DO? YOU COULD BE A
WAG OR A WAVE OR A SPAR
OR A MAINE OR A WAIT
WORKER-OR EVEN A
WORKER IN PRIVATE INDU-
TRY-BUT YOU'RE TOO FRAGILE
DO YOU DO NOTHING AT ALL!

MARY STARR'S A SWELL
GAL, AND I HATED TO TELL
OFF A FRIEND OF HER'S
LIKE THAT-BUT I'M NOT
TOO SURE LILY'S ANY
FRIEND AT THAT I
OLEOMAGAZINE
WOULDN'T MELT IN
THAT GAL'S MOUTH!

SUPERMAN! ALWAYS GLAD TO SEE
YOU, LILY, BUT AS A
MATTER OF FACT I'VE
LOOKING FOR A WAG
NAMED MARY STARR-AND
ALSO FOR A SO-CALLED
FRIEND OF HER'S NAMED

-NAMED LILY FIELD!
SOMETHING TOLD ME
LILY WAS THE
FLY IN THE ROMANTIC
OINTMENT! SHE'S
RIGHT IN THERE
SUPERMAN-
WITH MARY!

GOOD! AND IF
YOU THINK
SUPERMAN
ISN'T CAPABLE
OF STRIKING
A WOMAN-YOU
BETTER COME
ALONG!
